

**POSITION TITLE: FIELD CONVERSION TECHNICIAN****BUSINESS:** Corporate**FIELD CONVERSION TECHNICIAN**

The position of Field Conversion Technician consists of converting the field to various playing modes. This involves the installation of the baseball and football fields as well as “other sports”. Installing and dismantling various elements of the Stadium including portable seating, basketball courts, and ice rinks. Loading in/out of all vehicles associated with Consumer Shows, Family Shows, Circus’ and Rock Shows in accordance with events hosted by the Rogers Centre.

**RESPONSIBILITIES**

- Installing synthetic turf tiles and operating a 3-ton roller over the field to ensure evenness of the playing field.
- Daily inspection of the playing field, including adding infill where needed. Repairs to turf tiles as needed during conversion, or other wise.
- Repairs to all stadium seats on a daily basis, including advising Supervisor of materials required to repair. Maintaining seat part storage area and inventory of all seat parts.
- Cleaning and laying turf (baseball/football).
- Painting field for baseball/football/soccer, or other sports.
- Assisting with deliveries and moving furniture.
- Rotating advertising signage by removing ad from frame and installing new ad in case.
- Maintaining vehicles, tools and paint machine by performing simple repairs (oil changes, small tire changes).
- Assisting with move-in/out by directing flow of traffic from assigned location, monitoring incoming traffic and determining locations to send truck to.
- Responsible for promoting and maintaining the safety, health and well-being of self and co-workers by wearing all protective equipment required and attending the health & safety training provided, and always working in a safe and conscientious manner.
- Working knowledge of employee responsibilities under the Occupational Health & Safety Act and WHMIS as well as regular updates on any changes to the applicable legislation.
- Decision making within clearly defined job tasks requiring some judgement and with supervision available.
- Providing excellent customer service to tenants, guests, promoters, performers, and media by ensuring conversion is complete by deadline.

**QUALIFICATIONS**

- High school graduation along with 1-3 years of work experience, or the equivalent combination of education, experience and training.
- Valid Driver's Licence.
- Motor skills to operate forklifts, Hydraulically operated “Spatula”, Kromer field machine, lift-trucks, zambonis, paint machines, EZGOs, scrubbers, sweepers, winches and various tools.
- Great communication skills.
- Physically demanding position – requires bending, carrying, climbing, crawling, crouching, grasping, kneeling, lifting more than 50 pounds.
- Skill in operating hydraulically operated equipment to highest standards due to precision required to assemble playing field.
- Ability to read and understand complex field drawings in order to assemble the field in an efficient manner.
- Understanding the sequence of all field elements and their functions as to expedite the installation/dismantling process.
- Ability to analyze and interpret data and diagnose problems.
- Good judgment.
- Versatility within the conversion department to handle a variety of conversion duties, receive deliveries, clean field and supervise part-time crew.
